

B2K analytics introduces a digital platform to offer 360⁰ grading solution to MSMEs

Bangalore

B2K analytics (B2K) has launched a web-based platform - MSME 1 that offers 360⁰ grading solutions to Micro, Small, and Medium Enterprises (MSMEs).

MSME 1 is a one-stop-shop that provides various digital products and services to MSMEs. The suite of products and services include – MSME Performance Grading, Due Diligence, B2K Verified and MSME compare.

This digital service will be made available to MSMEs on a 24x7 basis. MSME -1 is a hassle-free, paperless onboarding process and provides a complete user experience right from uploading the documents to receiving the grading.

B2K analytics provides an independent assessment of the company's creditworthiness based on the overall analysis of various parameters measuring financial, business and management risks of the entity.
